**Definition of specific requirements for certain course work listed in the regulations of the CMSZH
(Appendix to “Regulations, Part B”)**

Based on the official regulations of the Faculty of Science (MNF) for doctoral studies (PVO), this document specifies the requirements defined for certain parts of the course work listed in part B of the regulations for the CMSZH.

Institute Seminar with guest lecturer:

For obtaining 1 ECTS from the Department Seminar Series the PhD student is required to:

- Participation at four lunches and four discussions with guest speakers of departmental seminars during PhD

Written or oral exams on general or specific topics in Chemistry:

- Exercises on scientific and practical topics in Chemistry/Biochemistry (based on availability; requirements defined by course organizer and head of CMSZH).
- Exams of modules from the lecture catalog cannot be counted.

Prof. Dr. Felix Zelder

Head of CMSZH
